## **Message from Principal MS SUSAN RUBIN VARGHESE**

Dear Parents,

As another summer break approaches, yet another fulfilling and rigorous term draws to a close. We had an action-packed term, coupled with transitions intended to improve learners' strategies. With alterations in staffing, specifically in the Primary section, and revised instructional approaches, we are positive that our students are moving forward on the track of improved learning. With our collective approach of developing and maintaining a 21st century teaching-learning system, we continually aim to provide an enquiry-based and inclusive learning platform that demonstrates both students' and educators' capacity to explore and innovate.

As we work toward providing the best support to inspire our students, your engagement in various school events and partnership in team-teaching this term were highly valued. To cater to any individual concerns or personalized support, our teachers and counselors are always available, so please feel free to reach out if needed. We take this opportunity to thank all our parents for being a source of support in all our endeavors. We are looking forward to extending this camaraderie in further laying foundations to a sustainable improvement in this educational journey.

Good Luck to all our students and we are looking forward to see you today, Wednesday, 26th June 2019 during the school Open House session. Thank you again and have an enjoyable and prosperous summer break!

## Message from Head of Kindergarten MS BERNADITE RAKHEE

“Greetings!

The year started with an exciting and emotional for both parent and child. I would like to thank you dear parents for being a part of our teaching and learning through all these months. Your extended support and encouragement will help us to achieve many more success in building your child's future.

In Kindergarten students display excellent work ethics by working in collaboration with each other, waiting for their turn and enjoying learning through play. Students are active and independent learners as they can engage meaningfully in planned classroom and free flow activities. Our 'Emphasis is on learning by doing'. Students are learning to use ICT links on Smart Board, Ipad, QR codes and handle technology effectively, thus taking responsibility of their own learning.

Students participated in the activities and enjoyed learning through Sun Protections Day, Bicycle Day, Yoga Day, Environment Day and Ocean Day. Thank you dear parents for building the partnership with us and taking part in Mother's Day and Father's Day event.

We have many more exciting activities and events coming up for our little ones. Wishing you and your family a fun filled and excited Summer Break!!!!

## Message from Head of Secondary

### MS SWAPNA WILLIAMS

Greetings!

2019-20 has started off with a bang! What an exciting and eventful quarter it has been. I take this opportunity to thank each and every one of you for all the enthusiasm and support that you have offered to the section for achieving a lot in a short span of time.

In the Secondary section there is a major shift in the educational paradigm from textbook learning to true application skills. Students are challenged to develop an understanding of research and technology and to be able to procure skill sets applicable for future academic and employment opportunities.

The collaborative activities and projects have brought the students of Grades 5 to 10 closer as a section and they work together for achieving their goals.

The peer support offered by the students to each other and their close bonding with the staff makes it a very cozy learning environment which fosters learning by doing and exploring a new world of innovation.

There are many new and exciting changes happening this year. We value your support and suggestions which will definitely be and are taken into consideration as we move ahead.

Here is the first Newsletter for the year 2019-20, read, review and respond! This newsletter will give you an opportunity to peep in the classrooms and get a glance of the achievements and accolades.

Wishing you all a cool summer vacation and good times with your families and close ones!  
Thank you.
