Procedures for SEND Admission

The school welcomes all students of determination. The admission Policy of students of determination is in line with the Dubai Inclusive education framework (2017), Federal Law 2006, and executive council resolution 2 (2017). The main objective of the policy is to reflect the school's commitment to providing an inclusive education for Students of determination in the community. The school aims to impart a piece of clear and transparent information to support parents.

Admission criteria:

School enrolls all students of determination irrespective of their age, need, attainment, or background and admission is not conditional upon submission of diagnosis.

Sibling priority Policy:

The school ensures that students of determination will receive sibling priority for admission.

Admission Procedure:

The Admissions Department conducts an entry assessment that is age-appropriate and reflects the student's stage of development. If the child does not fulfill age-appropriate requirements or if the parent discloses that the child has a need then the student is referred to the school Inclusion team. A detailed assessment of educational needs is conducted and decisions on appropriate placement and intervention are made. The students are provided with needed accommodation, resources, and curricular modifications to enable equitable access to educational opportunities. Upon admission, all the stakeholders are informed about the child's needs and further steps.

Parents are requested to provide the school with copies of all medical, psychological, or educational assessments or reports during admission. Such materials are a prerequisite in enabling the school to provide a relevant, meaningful learning experience for the student. The inclusion team ensures that the students of determination will be actively supported to participate in the process of learning as they develop their potential and build relationships with their peers through social interaction in an age-appropriate common learning environment.
